

# INFORMATION ABOUT IRC-CH 09

Hi Scoutlinkers

Until today 32 Scouts registered for the ScoutLink Easter Camp in Switzerland. But there is place for more ☺

When I went to reconnoitre the house and the surroundings the weather was not that good, but still good enough to give you an impression about the house (picture below) and the view you have from there (picture above).

The house is located in Faulensee at the Lake of Thun. And because it is so close to Kandersteg we plan an excursion to KISC (Kandersteg international Scout Centre) for all those who are interested in visiting it.

Besides KISC there are a lot of beautiful places in this area that are worth a visit. Going for a walk is always worth it in the mountains. Depending on the weather and on your interest we will organize a tour. And we want you to gain insight to Swiss scouting activities. And of course there is always the possibility for you to plan your own trips or to bring your own ideas into our program.

If you have any more questions or ideas don't hesitate to contact me: [judy@scoutlink.net](mailto:judy@scoutlink.net)

I hope to welcome you in Switzerland on the 10<sup>th</sup> of April.
